VISION

To make fishers of men to reach the lost in NYC and beyond!

MISSION

Our purpose is to partner with today's urban/intercultural church leaders and motivate the body of Christ to faithfully fulfill the Great Commission. We do this by equipping the local church to do the work of evangelism - to reach the lost, simply, effectively and biblically the way Jesus did.

EVANGELIST TRAINER JOSE OCASIO

José Ocasio began his relationship with Jesus Christ at the age of 16. During that period he was not involved in any kind of ministry in the church, but was being discipled by a youth leader who taught him about prayer and the need to heed the call of GOD upon his life. Upon graduation from high school, he felt led to go to Valley Forge Christian College where he majored in Ministerial Studies. "This was where I matured spiritually" being involved in the Sunday school program at Westchester Assembly of GOD church working with the children's ministry. He was part of the evangelism team for Valley Forge which involved networking with churches in the Pennsylvania, South Jersey area. They would go door to door distributing Gospel tracts to any willing to receive them. He came back to the New York area and went to a small Bible School, to continue his education of which he graduated from, and it was at that time that José began to get involved in different aspect of ministry such as Sunday school program at Crossway Christian Center where he taught Sunday School for about ten years, working with the children and pre-teens. Currently José is married to his wife Maria, and has two adult children one who is studying Law and the other is currently working in Manhattan.

Jose is currently an evangelism trainer and a vital part of Soulfishing Ministries. He is thankful to Pastor Phil for the input and the influence he has had in his life, and displaying zeal to reach the lost for Christ which has "infected" him. Jose enjoys the times of prayer and discipleship training under Phil Sessa. Jose currently assists Phil in equipping local churches and encouraging other believers to reach their communities for Christ. He is also one of Soulfishing Ministries Open – Air Preachers, preaching in both Spanish and English and is humbled to share his faith in Jesus with all those within an earshot of his voice when he preaches on soap boxes, at train stations, in parks, at street corners, etc.... "This ministry is what I've always wanted in light of serving Jesus in ministry. I truly have no greater joy than to train others to become fishers of men. I see many churches that simply invite others to attend their church services, yet I see a Christ in the Scriptures who commanded and commissioned His disciples to go to the highways and bi-ways to reach people for Christ."

Jose works for King and Spalding Law Firm in Manhattan, in the mail and copier center. Do you hear the cry of the lost and feel the burden and desire to reach them? Get equipped to minister to the lost simply, effectively and biblically the way Jesus did? Contact [Soulfishing Ministries!!](#)
