Sessa Family News

From the Tackle Box

When going to the supermarket bring tracts with you. Slip business card size tracts in beer cases. Leave million dollar bills at the ATM machine. And always have a million for the cashier and the person in line behind you. All need Christ!

"Quality Quote"

"This generation of Christians is responsible for this generation of souls." - Keith Green

Bronx, Street Ministry

What a great day of ministry with Harvest Fields Community Church reaching out to their community. We shared the truth with some Jehovah's Witnesses, refusing to run from those needing the Gospel. After this, one young lady, Jennifer repented of her sin with tears of contrition and put her trust in Christ for her salvation!

**Grateful False Convert!
Phil shares with George
Westchester Square, Bronx**

George was hungry to talk about Christ. He thought he had repented and was saved, but realized he never put his trust in Christ alone for his salvation. After sharing with Scripture he was appreciated to realize that he had been deceived into thinking he was saved when he wasn't. Let's reach the other "George's" out there.
